Broadcasters Team Up to Support Historic Hoosier Gym

“Hoosiers” Screening Scheduled at Tibbs Drive-In on Thursday Night, September 17

Carmel, Ind. – September 4, 2020 – The Indiana Broadcaster Association, which represents more than 270-member radio and TV stations across the state, is hosting a special Thursday, September 17 screening of the movie “Hoosiers” at Tibbs Drive-In – ideal family-friendly and socially-distant entertainment. Attendees are welcome to bring lawn chairs and sit outside of their vehicle, but everyone must comply with social distancing guidelines put in place by Tibbs Drive-In.

All the proceeds from the special event will be donated to support the historic Hoosier Gym in Knightstown which has been deeply impacted by COVID-19. The Knightstown locale served as the home gym for the “Hickory Huskers” in the 1986 movie.

“Like every cultural and sports facility in our state, Knightstown’s Hoosier Gym has been financially hurt by the Covid-19 pandemic. Visitors counts are down. High school games that normally generate significant revenue have been canceled. So, Indiana’s broadcasters are linking arms to help the iconic state landmark that has been the site of decades of memories for Hoosiers and people all over the world,” said IBA Executive Director Dave Arland.

Tickets to the Tibbs Drive-In event are \$11 per person are available now for advance purchase through HelpHoosierGym.com. Gates open at 7:30pm. The screening will begin with sundown at 8:30pm.

Attendees will have the chance to win several door prizes including:
